

PLAYING BLACKJACK SWITCH

Blackjack Switch is a fun Blackjack variant that involves playing two Blackjack hands with the cards being dealt the same way as regular Blackjack. Once the hands are dealt, the Player is allowed to "switch" over the top two cards of each Blackjack hand to create stronger combinations. Once the Player has decided whether to switch or not switch, the hands play out as in regular Blackjack.

Basic Rules:

Minimums and maximums, and maximum payouts are posted at the table.

Blackjack pays even money.

The Dealer will hit on soft 17. If the Dealer draws to a total of 22 (hard total), all remaining hands push.

All doubling and splitting is allowed as in regular Blackjack. Double Down bets must be equal to the original bet.

"Blackjack" is on the original hand only – a hand switched to make an Ace/Ten is 21.

The Dealer will pay the Player's Blackjack immediately if the Player does not choose to "switch" out of their Blackjack.

Optional "SUPER MATCH" wager ~ matches are based on the Player's initial four cards.

Player must have placed main wagers to play Super Match.
